

## Get your chance!

For more than 175 years, Oschatz Power GmbH has been a leading specialist in combustion technologies, energy recovery and waste utilisation in plant construction with the know-how of more than 1,500 successfully implemented plant projects. Innovative and resource-efficient waste heat systems for converting industrial waste heat into steam or other forms of energy form the core of the product portfolio. Oschatz Power GmbH is a member of the Deurotech Group GmbH.

For our location in Essen we are looking for:

## Commissioning engineer / IBN coordinator (m/f/o)

### Your tasks

- Preparation and planning of commissioning activities
- Creation of commissioning procedures and work instructions
- Ensuring the technically flawless execution of cold and hot commissioning, as well as acceptance and performance tests within the specified deadlines
- Creating and/or revising the operating manual
- Coordinating external commissioning personnel and Commissioning personnel of subcontractors
- Monitoring trial operation and acceptance runs
- Preparation of reports, protocols (measurement and test reports) and documentation of technical data
- Training of the customer's operating personnel
- Advising the customer and the sales department on commissioning issues
- Ensuring compliance with the relevant occupational safety regulations
- Analyzing faults and malfunctions.
- Development of proposed solutions and, if necessary, implementation of appropriate measures to rectify faults.
- Accompanying participation in construction site and customer meetings

### Your profile

- Engineer/technician (mechanical engineering / process engineering)
- At least 8 years of professional experience in the field of commissioning, in particular of steam boiler systems, pressure equipment and/or in power plant construction equipment
- Sound IT knowledge (MS Office, MS Project)
- Leadership skills, strong communication skills
- High degree of entrepreneurial (economic) sense of responsibility
- Customer-oriented, team-oriented and independent working style
- High level of commitment, flexibility and assertiveness
- Good written and spoken German and English skills and willingness to travel worldwide

### We offer

- An open-ended employment contract in a future-proof industry with excellent career prospects
- Flat hierarchies, short decision-making processes and collegiality characterize our corporate culture
- Independent and varied work in a motivated and committed team
- An attractive salary, capital-forming benefits and company pension scheme
- 30 days vacation, as well as individual training and development opportunities
- Modern offices in the heart of Essen including company parking spaces and the option to work remotely
